

COMPREHENSIVE PERFORMANCE ASSESSMENT (CPA) FOR DISTRICTS

In the week commencing 14 April 2003 the Audit Commission are expected to publish draft proposals for consultation on the methodology and scoring system to be employed on the CPA for District Councils. No further information is available at the time of writing this report.

Copies of the Consultation will be sent to the Group Leaders and a copy placed in the Members' library as soon as it is to hand. The end date for the consultation is expected to be the week commencing 26th May. Given that in the interim there is a recess for elections Members are asked to agree that the Council's detailed response be delegated to the Chief Executive in consultation with the Leader of the Council.

It is therefore proposed that the Council **RESOLVES**

That the detailed response to the Audit Commission's consultation on the CPA for Districts methodology and scoring be delegated to the Chief Executive in consultation with the Leader of the Council.

Paul Warren

Chief Executive
