

ASSET MANAGEMENT

1 SUMMARY

- 1.1 This report presents the Asset Management Plan 2003 for review by this Committee.

2 INTRODUCTION

- 2.1 In February 2003 Members were advised of the feedback received from the Government Office of the East of England (GO-East) in connection with the Council's Asset Management Plan (AMP) 2002. The plan was assessed as "good" and as a result does not need to be submitted again for assessment. However, some improvements were suggested and Members agreed to consider a revised plan in July 2003
- 2.2 At the last meeting of this Committee, Members reviewed the property performance indicators to be included in the plan and agreed revised local performance indicators. These have been included in the AMP 2003 which is appended to this report.

3 RESOURCE IMPLICATIONS

There are implications with regard to Officer time. Much of this work would have been necessary in any event and is cross-referenced with other corporate issues.

4 RECOMMENDATION

- 4.1 It is proposed that the Committee **RESOLVES**
- to review the Asset Management Plan 2003

John Honey

Corporate Director (Law, Planning & Administration)
