- 1.1 The Proper Officer reports that the following Notice of Motion has been received from Councillor J R F Mason:-

“The Council has increased short term parking charges at the Southend Road, Hockley Car Park. These are the highest short term parking charges in any of the Rochford District Council Car Parks. This action is believed to have had the effect of reducing overall revenue at the Southend Road Car Park and in any event it is contrary to both the Council and the Public interest. A full economic review of the Southend Road Car Park by the Officers is to be referred back to the first available Full Council Meeting for debate on the economic issue and the interests of the Hockley and Hawkwell communities.

This motion stands referred to the Transportation and Environmental Services Committee.”
