
REPORT ON THE EFFICIENCY OF LIGHTING IN COUNCIL CAR PARKS (Min 279/00)

1 SUMMARY

- 1.1 This report informs Members of the actions that will be carried out in respect of reviewing the lighting situation at District car parks.
- 1.2 This matter was referred from the Transportation Sub-Committee of 6 September 2000 (Minute 141) for a report to be produced for Members' consideration at a subsequent meeting.

2 INTRODUCTION

- 2.1 The Authority will be accepting the offer from Essex County Council's Lighting Engineers to work in tandem with Officers in producing a comprehensive survey of the lighting in the District car parks.
- 2.2 The outcome of the survey will be subject to normal tendering procedures and will be reported back to this Sub-Committee by the Head of Leisure and Client Services as soon as is practically possible.

3 RESOURCE IMPLICATIONS

- 3.1 There will be a resource implication in producing the report and funding has already been identified from the Crime and Disorder Budget.

4 RECOMMENDATION

- 4.1 It is proposed that the Committee **RESOLVES:**
That the contents of this report be noted. (HRHM)

Steve Clarkson

Head of Revenue & Housing Management
