

**RENEWAL OF THE COUNCIL'S APPROVED LIST OF CONTRACTORS
FOR CONSTRUCTION RELATED ACTIVITIES**

1 SUMMARY

- 1.1 The Council's Contract Standing Orders require the Corporate Director (Finance and External Services) to compile and maintain Council Approved lists of contractors for Construction related activities.
- 1.2 The List is subject to public advertisement on a four yearly cycle. The list was last advertised in 1995.
- 1.3 This report provides Members with a copy of the new recommended approved lists and seeks Members approval to the list.
- 1.4 The report provides details on the proposed future management arrangements of the list, in accordance with the Council's Contract Standing Orders.

2 INTRODUCTION

- 2.1 A public advertisement was published in late 1999 in various trade and other journals, seeking contractors to apply to be included on Rochford District Council's Approved List of Contractors for construction works. All local newspapers were also used in an effort to especially target local companies.
- 2.2 The advertisement indicated that contractors would need to provide sufficient information for the Council to be able to ensure that they met the necessary criteria for inclusion on this list. The criteria used for selection and inclusion are listed below and are as identified in the Council's Standing Orders.

2.3 List of Criteria

- 2.3.1 The following items are those identified in The Council's Standing Orders that need to be vetted in order for a company to be included on the Approved List of Contractors.
 - Information to indicate Economic and Financial standing
 - Technical Ability and Capacity
 - Insurance Arrangements
 - Quality Systems where applicable
 - Health and Safety record and compliance
 - Race and Equal opportunities and other relevant legislation

3. COMPILING THE LIST

- 3.1 Following the public advertisement, application requests were received and forms sent to 281 companies who ultimately applied. As part of this process companies were asked whether they had Health and Safety Policies. Small companies were advised that they would be required to complete a Health and Safety questionnaire if they did not have a written Health and Safety Policy. This was done in the interest of assisting small local businesses to apply for inclusion, where the provision of a policy document would have been a resource problem.
- 3.2 When completed applications were received, these were checked and vetted by the appropriate staff within the Council. Financial information was checked and a financial limit on value of works to be undertaken by that contractor set by the Head of Financial Services.
- 3.3 The attached list is a result of that process and includes 129 companies cleared to date. The number of companies from the local area and Essex is 65. Of these companies only 8 are from within the District, and a further 8 would operate from resources within the District.

4. MANAGEMENT OF THE APPROVED LIST OF CONTRACTORS

- 4.1 An essential part of the use of the Approved List of Contractors is the management of information relating to the contractors. The Council's Contract Standing orders identify the procedures for using the Approved List, but do not set out criteria for monitoring of the contractors on the List.
- 4.2 It is proposed, under new arrangements, that close monitoring of contractors performance in relation to the following items be considered, in order to maintain the list and add or remove contractors as required.
- 4.3 Contractors will be monitored on the following items;
 - 4.3.1 Meeting time-scales, claims, customer complaints, failure to return tenders, returning tenders consistently high in price, response to dealing with complaints, and quality of works. Claims in this instance refers to the practice of tendering low and trying to build up the price through claiming for additional or unpriced works.
 - 4.3.2 These items will be maintained on a data base and used as a means of deleting contractors from the select list.

- 4.4 It is proposed that the Contractors Approved List should be maintained on a rolling basis, to allow continuous updating. Contractors who apply outside the four yearly process should be vetted in the normal way and included on the list. It is therefore proposed that a report be submitted to this committee providing update information on changes to the Approved List on an annual basis.
- 4.5 The Approved list will now be managed by the Leisure and Client Services Administration Section, in order to separate the management of the list from the users of the list. This will ensure compliance with the Council's Standing Orders and improve maintenance of the list.

5 RESOURCE IMPLICATIONS

- 5.1 Staff resources for managing the Council's Approved list of Contractors will be met from existing staff within the Leisure and Client Services Administration Section.

6 RECOMMENDATION

It is proposed that the Committee **RESOLVES**

- (1) To agree the new Approved list of Contractors for use on Construction Works and Service Categories.
- (2) To agree to the reporting of updated lists to this committee on an annual basis
- (3) To delegate authority to Officers to remove contractors from the list who fail to meet the monitoring standards.(CD(F&ES))

Roger Crofts

Corporate Director (Finance & External Services)
