# REVIEW OF THE COUNCIL'S CORPORATE RISK MANAGEMENT AND REGISTERS FOR 2016/17

#### 1 PURPOSE OF REPORT

- 1.1 This report presents a review and proposed update of the Council's risk management policy and framework for 2016/17 for Members' consideration and approval.
- 1.2 It also presents the Council's proposed corporate risk register (CRR) for 2016/17 for consideration and approval.

#### 2 INTRODUCTION

- 2.1 The previous report on this topic was presented to the Audit Committee in December 2015 when an updated Corporate risk management policy and Framework was approved and the content of the corporate risk register noted.
- 2.2 Since that report, the Council's redesign project has been implemented and further developed. The Council's corporate risk management policy and framework has therefore been updated to reflect the changes.
- 2.3 As the Council's organisation and operational structures continue to evolve it is likely that further changes to the CRR and the corporate risk management framework will be necessary and these will be notified to this Committee as required.

#### 3 THE CORPORATE RISK MANAGEMENT POLICY AND FRAMEWORK

- 3.1 The Council's corporate risk management policy and framework is included at appendix A. There have been minor changes to reflect the evolving organisation of the Council.
- 3.2 The risk management policy and framework specifies how the Council seeks to manage and control risk, and defines the roles and responsibilities of each stakeholder in the risk management process.

#### 4 THE CORPORATE RISK REGISTER FOR 2016/17

- 4.1 The summary corporate risk register for 2016/17 is included at appendix B.
- 4.2 All the key risks faced by the Council are presented, together with the controls in place to mitigate these risks and an assessment of whether each is considered to be a high, medium, or low risk. Each of the risks listed in the summary is supported by a fuller risk analysis, which is available on request.
- 4.3 The CRR is underpinned by operational risk registers (ORRs) owned by each Assistant Director that identify the risks and mitigation controls that apply to each of the Council's directorates. They form part of a continual review and

are monitored at Leadership Team meetings. The ORRs are available on request.

4.4 As part of the 2016/17 internal audit programme, risk management is reviewed as is relevant to the audit being undertaken. Tests seek to confirm that controls are in place and operating well to mitigate risk.

#### 5 CHANGES AND ITEMS CONSIDERED FOR INCLUSION IN THE CORPORATE RISK REGISTER FOR 2016/17

- 5.1 The existing risks in the corporate risk register sufficiently cover both day to day operations and new projects and initiatives to achieve the business plan.
- 5.2 For each individual project, specific risk logs and actions are monitored within the project documentation. These will change as the projects evolve.

#### 6 **RISK IMPLICATIONS**

- 6.1 Management of risk is fundamental to the sound operation of the Council. Failure to manage risk could have significant impact on the Council's ability to correctly define its policies and strategies or deliver against its objectives.
- 6.2 The implementation and operation of the risk management framework will minimise risks and thus mitigate any potential strategic, operational, reputational or regulatory consequences.
- 6.3 Failure to manage risk would also mean that the Council might face censure by its external auditors, or the potential for legal proceedings in the event of breaches of the Health and Safety at Work Act or similar legislation.

#### 7 RESOURCE IMPLICATIONS

7.1 All risk management activity is undertaken within existing and planned budgets.

#### 8 LEGAL IMPLICATIONS

- 8.1 The Council's risk management policy and framework will assist in meeting any specific and general legislative requirements to monitor and manage its risks.
- 8.2 No new formal delegations are created by this Policy and Framework.

#### 9 **RECOMMENDATION**

- 9.1 It is proposed that the Committee **RESOLVES** 
  - (1) That the updated corporate risk management policy and framework be approved.
  - (2) That the content of the corporate risk register for 2016/17 be noted.

Rob Manning Section 151 Officer

#### Background Papers:-

None.

# **Risk Policy Statement**

It is the policy of the Council to adopt a proactive approach to Risk Management consistent with the various conventions and best practice.

The Council acknowledges that risk cannot be totally eliminated, the Council is however committed to the management of "significant" risks in order to:-

- Ensure compliance with statutory obligations
- Preserve and enhance service delivery
- Maintain cost effective control of public funds
- Preserve and promote the reputation of the Council
- Preserve and enhance the quality of our environment

These objectives will be attained by systematically identifying, analysing and evaluating, effectively controlling and monitoring risk, which may otherwise endanger people, property, or the reputation and financial stability of the Council.

Shaun Scrutton

**Managing Director** 

# **Background and Introduction**

#### **Corporate Governance**

Rochford District Council will employ the underlying principles of openness, integrity and accountability to achieve its objectives, putting the customer and citizen at the heart of everything we do. It will also ensure that its business and strategy is managed in an open manner, with an emphasis on the sustainable use of resources.

The Council's constitution vests the overall responsibility for the management of risk with the Audit Committee.

#### Introduction

The Council recognises its responsibility to manage internal and external risks and is committed to ensuring the process and culture of risk management is embedded in all operational and service planning processes.

The Council maintains a Corporate Risk Register and this Register will be regularly reviewed with updates being reported to the Audit Committee on a bi-annual basis as a minimum. The Corporate Risk Register contains those risks that have an unacceptably high-risk score on the risk matrix and, which, if they materialised, would have a significant impact on the achievement of the Council's ambitions, and /or its reputation.

The Corporate Risk Register is developed using the notion of residual risk. This notion assumes that controls put in place, will usually mitigate the inherent risk of an activity leading to a lower residual risk.

The Council aims to:-

- Integrate and embed risk management into the culture of the Council
- · Manage risk in accordance with best practice
- Anticipate and respond to changing social, environmental and legislative requirements
- Prevent injury, damage, losses and reduce the cost of risk
- Raise and maintain awareness of the need for risk management by all involved in the delivery of the Council's services
- Take the action necessary to minimise the likelihood of risks occurring and/or reducing the severity of consequences should risks occur.
- Ensure that the identified key corporate risks are monitored on an ongoing basis and reported bi-annually to Members.
- Compile an annual assurance statement on the effectiveness of the arrangements for risk management as part of the Council's Annual Governance Statement.

• Achieve these actions by implementing this risk management policy and framework.

# **Corporate Risk Management Framework**

#### 1. Process

The development and maintenance of the Corporate Risk Register requires a proactive approach in order to maintain its integrity and currency. To achieve this, the following actions are deemed necessary: -

- The Leadership Team (LT) will review the Corporate Risk Register and any relevant action plans as a standing item on the LT agenda.
- LT will identify and assess the risks appropriate to their areas of operation and maintain appropriate risk registers compliant with the corporate guidance.
- Action will be taken for all significant risks for which additional controls are required.

The Corporate Risk Register template is to be to be found at Appendix 1

#### 2. Monitoring

In support of the Leadership Team, progress of the actions contained in the Corporate Risk Register will be monitored on a regular basis by the Performance and Risk Manager who will provide reports to LT as necessary and make an annual report to the Audit Committee showing the compliance with, and any changes to, the risk management framework.

#### 3. Assurance of Controls

In addition to any line management oversight role, Internal Audit will, independently, review the adequacy of the Council's internal controls and the overall effectiveness of the risk management framework as part of the Annual Audit Plan.

#### 4. Operational Risk Co-ordinators

Each Assistant Director appoints an Operational Risk Co-ordinator (ORC) to act as a liaison point for risk management actions within their service areas.

#### 5. Risk Analysis and Scoring

The risk rating of each of the risks identified in the Corporate Risk Register is based on the estimated likelihood and impact of each risk in accordance with the scoring matrix and risk map contained in Appendix 1. Risk Analysis is undertaken using the Corporate Risk Analysis template included as Appendix 2.

#### 6. Options for Managing Risk

The Council has a number of options in how it manages each risk and these may be summarised as:

• Embrace risk – taking authorised advantage of opportunity risks but applying safeguards to ensure risk is not unacceptable

- Eliminate risk terminating the activity causing the risks
- Reduce risk implementing appropriate controls
- Transfer risk insuring or outsourcing activity
- Accept risk taking no action but continually reviewing risk to ensure it remains acceptable

#### 7. Risk Management - Roles and Responsibilities

In order to ensure the successful implementation of this strategy, clear roles and responsibilities for the risk management framework have been established. The key "players" and their roles are:-

#### **Elected Members**

Elected Members will oversee the effective management of risk by officers. This includes:

- Agreeing structures for controlling and monitoring risks across the authority
- Approving the Risk Management Policy and Framework
- Note the content of the Corporate Risk Register
- Considering risks associated with decisions, arising from reports.

#### The Audit Committee

The Audit Committee provides independent assurance on the effectiveness of risk management and internal control.

#### All staff

All staff, at whatever level, should maintain an awareness of risks, feeding information into the formal processes for risk management. This will include

- Alerting management to risks which are inappropriately managed
- Reporting any incidents or near misses.

#### Leadership Team – (LT)

- Approve and adopt the Risk Management Policy and Framework and allocate sufficient resources to ensure its achievement
- Play a lead role in identifying and managing, the strategic risks and opportunities facing the authority
- Review cross cutting risks that may be associated with new policies and service delivery methods

#### Report to Audit Committee 28 September 2016 – Appendix A

- Determine the Council's risk appetite and set priorities for action
- Ensure line managers can provide effective controls to mitigate risks within service areas
- Approve an annual report for the Audit Committee on the status of the risk management framework and process.
- The Council's Monitoring Officer has a role to ensure lawfulness and fairness of Council decision making and provide assurances regarding overall legal risk management of the Council for the Annual Governance Statement. The Monitoring Officer is the Assistant Director - Legal Services. The Assistant Director – Legal Services is also the Council's Senior Information Risk Owner (SIRO) responsible for information security and assurance.
- The Section 151 Officer has a role to ensure proper administration of financial affairs and provide assurances regarding overall financial risk management of the Council for the Annual Governance Statement, signing the statement. The Section 151 Officer also acts as the Council's Risk Champion taking overall responsibility for ensuring progress against the agreed actions.

#### Performance and Risk Manager

- Manages the implementation of the Risk Management Framework and process on behalf of the Council and its management team.
- Ensures the processes are implemented and offers guidance and advice.
- Reports to LT and co-ordinates risk management activity across the Council
- Ensures staff across the Council are adequately trained to undertake risk assessments as required
- Collates risk registers and control assurance statements for consideration at LT
- Prepares the annual report to Audit Committee on progress of risk management framework, corporate issues, operational risk registers, control assurance statements and areas for improvement.
- Liaises with the Council's Emergency Planning Officer in respect of his/her role to oversee Emergency and Business Continuity Plans.
- Ensures a coherent approach to risk management and business continuity planning
- Undertakes a review of the corporate and operational risk registers as necessary
- Annually reviews and updates the risk management framework to take into account external and internal changes as well as experience.
- Make recommendations to LT regarding the generic and cross-divisional risks/issues identified from the operational assessments of risks.

#### Assistant Directors with Team Managers/Leaders

- Identify, and analyse directorate risks within an Operational Risk Register
- Ensure maintenance and review of the Operational Risk Register.
- Prioritise action on operational risks
- Monitor progress on managing operational risks
- Report the results of self-assessment of risk to LT/PRM as appropriate
- Ensure the effectiveness of controls in place to mitigate/reduce risks.
- Ensure that operational risk management is linked to, and takes account of, business continuity planning.

#### **Operational Risk Co-ordinators (ORCs)**

- Act as a liaison point for risk management actions within their service areas.
- Undertake an annual review of the operational risks within their service area(s) together with additional reviews when necessary
- Update the operational risk registers for their service area(s) as necessary, taking into account external and internal changes as well as the risks experienced.
- Make recommendations to their Assistant Director in respect of risks or allied issues identified within their service area(s).
- Ensure operational risk management is linked to, and takes account of, the relevant Business Continuity and Emergency plans for the Service Area(s).

#### Specialist representatives (Internal Audit, Insurance, Legal, IT)

 Provide relevant advice to the LT or PRM as necessary to consider implications of Corporate or Operational Risks

#### 8. Addition or removal of risks from the Corporate Risk Register.

As risks identified at the corporate level change or develop, it is sometimes appropriate for a risk to be added or removed from the Corporate Risk Register. Addition and removal of such risks will be undertaken as part of the regular risk review processes and these will be notified to the Audit Committee within reports seeking their approval of revisions to the Corporate Risk framework.

#### Appendices follow:

# Appendix 1 - Corporate Risk Register Template, Risk Scoring Matrix and Risk Map

8.10

Report to Audit Committee 28 September 2016 – Appendix A

Appendix 2 - Corporate Risk Analysis Template

Appendix 3 – Risk Management Framework schematic

# Corporate Risk Register 2015/16

#### Notes:

#### \* Quality of controls:

- Poor indicates no controls in place or the few that are do not mitigate the risk.
- Fair indicates that some controls in place and some reduction in risk but still not adequate.
- Good indicates that controls in place are considered adequate and reduce the risk.
- Excellent indicates that effective controls are in place which reduces the risk considerably.

#### Next Review Date(s):

- Risks are reviewed regularly (typically quarterly) by the Leadership Team Operational and relevant service managers.
- The risk analyses are updated accordingly, but the Corporate Risk Register will be revised bi-annually.

#### Part 1 – Summary of Key Risks

| Risk | Risk Owner(s)                           | Principal impacts or<br>consequences  |   | Principal controls & actions              | Quality of<br>controls*                  |                                  | Impact | Risk<br>Rating |

|                 |                          |                         |                  |       |
|                 |                          |                         |                  |       |
|                 |                          |                         |                  |       |
|                 |                          |                         |                  |       |

#### Adequacy of Controls:

- \* Poor indicates no controls in place or the few that are do not mitigate the risk.
- \* Fair indicates that some controls in place and some reduction in risk but still not adequate.
- \* Good indicates that controls in place are considered adequate and reduce the risk.
- \* Excellent indicates that effective controls in place which reduce the risk considerably.

# Corporate Risk Register 2016/17

Notes:

\* Quality of controls:

- Poor indicates no controls in place or the few that are do not mitigate the risk.
- Fair indicates that some controls in place and some reduction in risk but still not adequate.
- Good indicates that controls in place are considered adequate and reduce the risk.
- Excellent indicates that effective controls are in place which reduces the risk considerably.

Next Review Date(s):

- Risks are reviewed regularly by the Leadership Team Operational and relevant service managers.
- The risk analyses are updated accordingly, but the Corporate Risk Register will be revised annually.
