

**MOTION ON NOTICE RECEIVED PURSUANT TO
COUNCIL PROCEDURE RULE 12**

1 SUMMARY

- 1.1 The following Motion stands referred to this Committee from the meeting of Council held on 30 July 2002 (Minute 377/02 refers).

**FROM COUNCILLORS MRS M S VINCE, MRS M A WEIR,
D F FLACK AND C R MORGAN**

“TOILETS IN COUNCIL HOUSING

This Council accepts that, whilst this Council still has approximately 300 high level cisterns within its housing stock, tenants efforts to keep high level cisterns clean does have Health and Safety implications, particularly amongst our less agile residents.

Addressing high level cisterns and replacing with approved low level ones would be both environmentally beneficial and address any safety issues.

Therefore replacements should become a key criteria under the Decent Homes Delivery Action Plan.

This Motion to be considered at Full Council prior to referral to the appropriate Overview and Scrutiny Committee”

- 1.2 In presenting the motion at Full Council, Cllr Mrs Vince wished to emphasis the intention that priority be given to less agile tenants.

Sarah Fowler

Head of Administrative & Member Services
