
REPORT TO THE MEETING OF THE EXECUTIVE 11 October 2022**PORTFOLIO: COMMUNITIES & HEALTH****REPORT FROM DIRECTOR OF COMMUNITIES & HEALTH****SUBJECT: COST OF LIVING UPDATE****1 DECISION BEING RECOMMENDED**

- 1.1 For Members to review and note the current version of the joint Cost of Living Action Plan for Rochford & Brentwood, as agreed at Executive on 27 September 2022.

2 REASON/S FOR RECOMMENDATION

- 2.1 To allow Members oversight of the work being undertaken by officers in order to respond to the crisis and ensure we are supporting our residents, businesses and staff.

3 SALIENT INFORMATION

- 3.1 As the country prepares for the impact of the cost of living crisis the Council is focused on our response in order to support our residents, businesses and staff. We have developed our response around 5 key themes, which are:-
- support with bills and money
 - support with food
 - support with wellbeing
 - go green
 - support with work.
- 3.2 We have developed an action plan which provides a whole system approach to support residents, businesses and staff in responding to the cost-of-living issues and to enable individual and collective support through a suite of preventative and personalised measures.
- 3.3 This action plan is a live document and will be informed not only from any governmental changes but also a number of sources, such as health colleagues, Housing, Revenues and Benefits, Department for Work & Pensions (DWP), Citizens Advice Bureau (CAB) and voluntary, community and social enterprise (VCSE) organisations that are on the front line providing services to residents.
- 3.4 We recognise that although a number of services were digitised as a result of the pandemic, we also need to make sure that the most vulnerable know how

to access the support services that are available to them, which may include printed support material or face to face engagement.

- 3.5 A collaborative working group has been established which will include officers from both Rochford and Brentwood, as well as other key partners such as Essex County Fire and Rescue, Brentwood and Basildon Alliance, Rochford and Castlepoint Alliance, Essex Police, CAB and other voluntary sector partners. This working group will help to identify any additional resources required in order to provide targeted support for residents and businesses.
- 3.6 In addition, the working group will seek to develop a dashboard containing key data that can be presented to future meetings of the Executive to show the impact of the cost-of-living crisis and the support, advice and guidance being provided locally.

4 RISK IMPLICATIONS

- 4.1 The risk implications are set out in the appended action plan.

5 RESOURCE IMPLICATIONS

- 5.1 Consideration will need to be given for any additional financial support that is provided. Any central Government grants may need to be applied for and will need to be allocated accordingly.

6 LEGAL IMPLICATIONS

- 6.1 Any work undertaken by the Council, either by itself or in partnership, will be in line with statutory legal guidance.

7 EQUALITY AND DIVERSITY IMPLICATIONS

- 7.1 An Equality Impact Assessment has not been completed as no decision is being made.

I confirm that the above recommendation does not depart from Council policy and that appropriate consideration has been given to any budgetary and legal implications.

Cost of Living Action Plan

Appendix

As the Country prepares for the impacts of the cost-of-living crisis both Councils are focused on our response in order to support our staff, residents and businesses. We have developed our response around 5 key themes:

This Action Plan provides a whole system approach to support residents, businesses and staff respond to the cost-of-living issues and enable individual and collective support through a suite of preventative and personalised measures.

This action plan is a live document and will be informed not only from any governmental changes but also a number of sources., such as health colleagues, Housing, Revs and Bens, DWP, CAB and VCSE organisations that are on the front-line providing services to residents.

Although a number of services were digitised as a result of Covid, we also need to make sure that the most vulnerable know how to access the support services that are available to them which may include printed support material or face to face engagement. The following groups are particularly affected: Single people on low incomes (on benefits or in work); Families with children, including lone parents: Those living with disabilities: and Pensioners.

Both Council already provide core funding to organisations such as Citizens Advice and others to ensure that it continues to support people. This compliments current housing/welfare support provision.

This action plan will be regularly presented to Members across both Council's for review.

Cost of Living Action Plan

Appendix

Support with Bills and Money

Task	Lead (dept)	Assigned to	Timeframe	Cost & Funding Source	Benefit and potential Impact
Residents that are eligible for Council Tax Energy Rebate of £150 receive it: Bands A-D	Revenue and Benefits	Director of Resources	22/23	Funding from Central Government	Residents can use relief to offset against other living standard issues
Energy rebate	Revenue and Benefits	Director of Resources	22/23	Funding from Government	The scheme is universal, meaning all domestic electricity customers will get £400 off their energy bills from October. It will be paid per property, so even those with multiple properties and holiday homes will receive a £400 rebate on each bill. Those households on the lowest income will receive an extra payment of £650 to help with the cost of living.
Household Support Grant to support residents against the following categories (Food, Clothing and utilities)	Revenue and Benefits	Director of Resources	22/23	Government funding	The fund will help households with the cost of essentials such as food, clothing and utilities (where there is specific need identified)
Discretionary Housing Payment (DHP) to support those whose rent is restricted due to Local Housing Allowance, Bedroom Tax or Benefit Cap	Housing/ Revenue and Benefits	Director of resources/ Director of Housing?	22/23	TBC	DHP can help people with housing costs including those affected by: <ul style="list-style-type: none"> • Benefit cap • Removal of spare room subsidy in social rented sector(?) • Local Housing allowance (LHA) rates You may get a DHP to cover housing costs:
