
REVIEW OF THE COUNCIL'S CORPORATE RISK REGISTER 2014/15

1 SUMMARY

- 1.1 This report presents the Council's current corporate risk register for 2014/15 for Members' consideration with acknowledgement of the need to undertake a review following the Council's re-design.

2 INTRODUCTION

- 2.1 The current corporate risk register (CRR) provides an overview of the key risks that may affect delivery of the Council's corporate objectives and service delivery as it stands at present.
- 2.2 The Council is currently considering major changes to its organisational structure and ways of working. It is therefore intended to conduct a full review of the risk register once the revised structure is announced and present this to the next appropriate Audit Committee.
- 2.3 Similarly, the Council's corporate risk management framework and policy, which specifies how the Council seeks to manage and control risk, was due to be updated following a workshop with Zurich, the Council's insurers. The intention now is to consider the changes going forward, once they have been agreed, and then undertake a fundamental review of the risk management process.

3 THE CORPORATE RISK REGISTER FOR 2014/15

- 3.1 The summary corporate risk register for 2014/15 is included at appendix A. As mentioned above, the existing register has been subject to a minimum update, where appropriate. As agreed at the March 2012 Audit Committee, to reduce the volume of information presented, and give appropriate prominence to the more serious risks, only medium and high risks have been presented. Risks rated as low are shown in a simplified list at the end of the CRR. A full listing is available on request.
- 3.2 The CRR is underpinned by divisional risk registers that identify the risk management arrangements which mitigate the operational risks faced by each of the Council's service areas.
- 3.3 As part of the 2014/15 Internal Audit programme, risk management is reviewed as is relevant to the audit being undertaken. Tests will seek to confirm that controls are in place and operating well to mitigate risk.

4 PRINCIPAL CHANGES TO THE CORPORATE RISK REGISTER FOR 2014/15.

- 4.1 All the risks shown have been reviewed and updated where necessary.

4.2 Strategic risk 3 – Failure to implement Individual Electoral Registration by July 2014 - has been removed from the register as this project is now implemented.

4.3 A new strategic risk is added relating to the organisational restructure being undertaken.

5 RISK IMPLICATIONS

5.1 Management of risk is fundamental to the sound operation of the Council. Failure to manage risk could have significant impact on the Council's ability to correctly define its policies and strategies or deliver against its objectives.

5.2 The implementation and operation of the risk management framework will minimise risks and thus mitigate any potential strategic, operational, reputational or regulatory consequences.

5.3 Failure to manage risk would also mean that the Council might face censure by its external auditors or the potential for legal proceedings in the event of breaches of the Health and Safety at Work Act.

6 LEGAL IMPLICATIONS

6.1 The Council's risk management policy and framework will assist in meeting any specific and general legislative requirements to monitor and manage its risks.

7 RECOMMENDATION

7.1 It is proposed that the Committee **RESOLVES**

That the updated corporate risk register for 2014/15 be approved.

Yvonne Woodward

Head of Finance

Background Papers:-

None.

Corporate Risk Register 2014/15

Notes:

*** Quality of controls:**

- Poor indicates no controls in place or the few that are do not mitigate the risk.
- Fair indicates that some controls in place and some reduction in risk but still not adequate.
- Good indicates that controls in place are considered adequate and reduce the risk.
- Excellent indicates that effective controls are in place which reduces the risk considerably.

Next Review Date(s):

(Risks are reviewed regularly by the Corporate Risk Group and relevant service managers. The risk analyses are updated accordingly, but the Corporate Risk Register will be revised bi-annually.)

Part 1 – All Strategic Risks

Risk	Likelihood	Impact	Risk Rating	Principal Controls & Actions	Quality of controls*	Next Review Date(s)	Notes
SR1 – Insufficient Council income and / or grant funding leads to inability to provide required services.	3	3	Med	<ul style="list-style-type: none"> Corporate and Divisional/ Service Area plans identify key priorities for service delivery with Business Planning and Target setting processes linked to Medium Term Financial Strategy (MTFS) Budget monitors and analysis Quarterly financial reports to the Executive. Regular review of major contracts Equality and diversity impact assessments of proposed service changes Communication of savings and consequences to Members, staff, residents and service users Community Right to Challenge process ensures robust arrangements to be applied to any services which may be operated by local bodies Local Development Framework process to take account of the provisions of the Localism Act Monitoring of Government announcements on future public 	Good	Dec 2014 April 2015	<p>Includes insufficient funding from Government, and financial/service delivery risks from legislation such as the Localism, Welfare Reform, and Local Government Finance Acts.</p> <p>The provisions for the Secretaries of State to make determinations may create unpredictable outcomes.</p> <p>Transitional arrangements under the Welfare Reform Act are unclear.</p> <p>Uncertainty means that the risk likelihood remains , even with controls in place</p>
