

## **ROCHFORD DISTRICT COMMUNITY SAFETY PARTNERSHIP**

### **1 PURPOSE OF REPORT**

- 1.1 This report updates the Committee on the current priorities and joint work through the joint Castle Point and Rochford District Community Safety Partnership (CP & RDCSP).

### **2 INTRODUCTION**

- 2.1 The Police and Justice Act 2006 (As amended) includes an obligation for every local authority to have 'a crime and disorder committee' which carries out a scrutiny role for community safety partnerships. The Review Committee carries out this function.
- 2.2 Each year the joint CP & RDCSP provides an update report to the Committee on its work.

### **3 BACKGROUND**

- 3.1 The joint CP & RDCSP is a multi-agency partnership that works to identify common themes and practical solutions towards the reduction of crime and disorder, whilst maintaining the ability for the individual Districts to develop bespoke responses to address their community needs. The Partnership meets quarterly to share information and comprises the following organisations:

- Community Policing Team
- Essex Fire & Rescue Service
- Public Health
- Probation
- Voluntary & Community Services
- Essex Safeguarding Board representative
- Neighbourhood Watch
- Youth Strategy Service
- Trading Standards
- Drug & Alcohol teams

- 
- 3.2 The responsible authorities within the Partnership are required to formulate and implement a strategy for the reduction of crime and disorder in their area. This strategy takes the form of a Partnership Plan (Appendix A). It is a statutory three year plan that gets refreshed on an annual basis.
- 3.3 This year's refreshed document has focussed on 3 cross cutting strategic priorities. These priorities have been determined by analysis of data from both the Police and partners, through a process known as the Strategic Assessment. The shared priorities agreed for 2016/17 are:
- 1. Safeguarding vulnerable people from harm**
    - Domestic abuse
    - Hidden harm
  - 2. Anti social behaviour**
  - 3. Acquisitive crime**
    - Crime prevention
    - Reducing reoffending
    - Burglary/vehicle crime
- 3.4 Each priority has an action section as detailed in the Partnership Plan, delivered through local multi-agency working groups. The outcomes are reported to the Partnerships steering group, the Local Strategic Partnership Executive and to County Safer Essex Groups, to ensure effective strategic join up.
- 3.5 Community Safety is an outcome rather than a service, measured by residents' sense of personal security at home, leisure and work. The principal features of the Partnership Plan work that underpin the priorities are around prevention, enabling residents to feel safer in their neighbourhood. Examples of what has been progressed so far this year by Rochford's Community Safety Officer and partners, are detailed below and can be found in the Partnership Plan.
- Sanctuary Scheme and Domestic abuse outreach work (on- going)
    - Preventative domestic abuse schemes to keep residents safe at home and provide support. The CSP continues to support this work, and has reported over 200 people per month accessing community based outreach, including counselling.

- Taxi marshalling scheme (extended with PCC funding until June 2016)
  - The aim of this scheme was to facilitate the effective dispersal of club and pub visitors and to reduce the number of incidents of assault, damage and anti-social behaviour, subsequently encouraging taxi drivers back in to Rayleigh Town centre to provide a service. A successful bid to the Police and Crime Commissioner (PCC) office meant that the funding for the scheme was extended until June 2016, to enable a full consultation with all key licensed businesses, as to the future of the scheme, which included a survey and a new web page being introduced. The scheme has since closed, but partners, that is, police and licensing teams, continue to have an ongoing dialogue with businesses and monitor where other Home Office funding may be available for a potential new scheme to cover those 'hotspot' times in the year, for example, Christmas.
- Crucial Crew
  - The Council's Community Safety Officer and partners have re-established a District wide crucial crew event, which will now be run annually. Earlier this year joint working with Rochford Extended Schools programme and Rayleigh Town Council enabled over 400 Year 6 pupils to be given important community safety messages, in a variety of interactive sessions. Learning points from this year's event may mean we consider changing the scenarios and increasing the length of them, to give a greater depth of information and aligning them more fully with the CSP key priorities e.g. hidden harm/on-line safety/healthy relationships.
- Tasking and briefing communications (new)
  - The sharing of local intelligence with the community policing team continues to improve as the Council's Community Safety Officer is now part of daily and 2-weekly police briefings, ensuring work remains focused on those highest community priorities.
- Joint 'days of action' (new)
  - A new multi agency group of officers/partners agreeing themes and actions based on intelligence e.g. Operation Turncoat. The Council's community safety officer's role in this operation was to support with intelligence on location of vulnerable residents, giving advice on burglary prevention, keeping safe at home and offering residents 'smart water' devices to safeguard their belongings.

**Link to business plan priorities**

- 3.5 The work of the CP & RDCSP is aligned to the Council's Business Plan in relation to 'Early Intervention', specifically with regards to promoting safeguarding and working with partners on prevention and increasing community confidence. Links to the CP & RDCSP partnership plan have also been included in the Council's joint Health and Wellbeing Strategy Action Plan.

**Consultation**

- 3.6 The CSP undertakes a Strategic Assessment each year which considers all crime and disorder for the Districts. This information helps identify any longer term emerging concerns and trends, which are then used to agree the Strategic Priorities for the forthcoming year. All members of the partnership are involved and consulted during this process.

**4 RISK IMPLICATIONS**

- 4.1 There is little risk to the joint CP & RDCSP delivering its statutory requirement, but, as highlighted in financial implications (section 5) below, the impact of the District's CSP work will be dependent on the availability of resources to deliver and complete agreed actions.

**5 RESOURCE IMPLICATIONS**

- 5.1 All crime and disorder related Government funds are managed by the Office of the Essex PCC office. CSP interventions for both Districts are financed by an annual grant obtained by the PCC office. The 2016/17 allocation for Rochford District Council totals £14,019. There is an annual risk to this funding stream, although the joint CP & RDCSP currently has a positive relationship with the PCC.
- 5.2 Other CSP activity is funded as part of individual agency responsibilities; however, bids for specific initiatives from public or voluntary agencies can also be submitted directly to the PCC office and are subject to approval. The joint CP & RDCSP will continue to submit collective bids to enhance delivery of its priorities.
- 5.3 The District resources for the joint CP & RDCSP remain unchanged i.e. a part time Officer. However, under the current restructure of the Community & Housing Directorate, the job title of this officer will now be known as a Community Safety Officer and the officer's responsibilities have been reviewed to deliver against the CSP priorities, where outcomes benefit the wider community. The operational case time for Private ASB/Nuisance cases will be significantly reduced to a predominately advisory/signposting service, maximising the use of partner resources both internally and externally, for example, Mediation/CAB/Restorative Justice.

**6 LEGAL IMPLICATIONS**

- 5.1 The Councils are statutory partners of the joint CP & RDCSP as outlined in the Crime and Disorder Act 1998 and have a protocol in place to overview and scrutinise the work of the Partnership.
- 5.2 The Delegated Member responsible for community safety sits on the joint CP & RDCSP steering group and is currently the Chair.

**7 RECOMMENDATION**

- 7.1 It is proposed that the Committee **RESOLVES** to note the work of the joint CP & RCSP as outlined in the report.

## Castle Point and Rochford Community Safety Partnership

# Partnership Plan 2016/17

### 1<sup>st</sup> Quarter Update

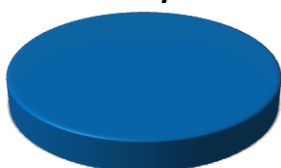

## Introduction

The purpose of the Community Safety Partnership is to provide a strategic and co-operative approach to addressing local crime & disorder between agencies and the communities within the area. The partnership is made up of both Statutory and Community organisations, including:

### Key:

**Statutory Partners**

**Community Partners**

## **Area Profile**

### **Partnership Area**

Castle Point and Rochford CSP covers an area forming part of the South Local Policing area (LPA) stretching from Foulness Island to the east to Canvey Island at the far south and includes the towns of Rayleigh, Rochford, Benfleet and Hadleigh. The Districts surround the unitary authority of Southend on Sea and also shares a border with Basildon District. The Community Policing Team for Rochford and Castle Point is based in Rayleigh Police Station.

### **Castle Point**

Castle Point borough has a population of 88,011 (2011 census) with 37,604 households and is the second most densely populated district in Essex at 1,957 people per km<sup>2</sup>. Population is projected to increase to nearly 103,000 people by 2035. The number of residents living in the borough who are aged 65 and over is expected to increase from 19,100 people to over 32,000. The Borough is made up of Canvey Island and the mainland areas of Hadleigh, Benfleet and Thundersley. 43% of residents live on Canvey Island. There is not a significant night time economy in the Borough.

### **Rochford**

Rochford District adjoins the urban areas of Southend on Sea and Castle Point and much of the District's 65 square miles is designated as green belt. The largest town, Rayleigh and the other two main settlements of Rochford and Hockley have good rail connections to London and access to the A127 London-Southend Arterial Road and then to the A13 and M25. London Southend Airport is primarily situated within the District and the airport and surrounding area are part of the Thames Gateway regeneration area. The town of Rayleigh is the only significant night time economy in the area.

### **Partnership Priorities for 2016-17:**

The following priorities were identified through a strategic assessment and agreed at a partnership meeting on 14<sup>th</sup> March 2016.

#### **Safeguarding Vulnerable People from Harm**

- Domestic Abuse
- Hidden Harm
- Vulnerable groups

#### **Anti-Social Behaviour**

#### **Acquisitive Crime**

- Burglary
- Vehicle Crime
- Crime Prevention
- Reducing reoffending

### **Partnership Working**

- To improve the efficiency and effectiveness of the Community Safety Partnership (CSP) working arrangements, to enable more focused delivery of the CSP Strategic Assessment and Delivery plan.
- To work together where we have a shared commitment to achieve the CSP objectives.
- To work together (by prior agreement) in a multi agency community safety hub -virtually and physically depending on need.
- To deliver closer governance for a more holistic approach to the commissioning and delivery of projects and initiatives as appropriate to meet local needs.

# Priority

## Safeguarding Vulnerable People

Strategic Objective	Actions	Outcomes / Measures	Lead Agency/ Officer	Timescales / Updates
<b>To safeguard victims of Domestic Abuse from repeat incidents, by Identifying high risk victims and assessing their need for added security devices</b>	<p>Crime Prevention Tactical Advisor (CPTA) will visit all suitable high risk DA victims and carry out a full home safety inspection providing recommendations for improving security.</p> <p>To continue to provide a sanctuary scheme for all residents.</p>	<p>An increased number of victims to be safeguarded from incidents of DA.</p> <p>Victims of Domestic violence are able to remain in their own home.</p>	<p>Essex Police – Emma Clark- EC)</p> <p>Community Safety Officers CPBC &amp; RDC (Helen Collins HC- Graham Browne- GB)</p>	<p>Q1-4</p> <p>Q1 Rochford</p> <ul style="list-style-type: none"> <li>3 home inspections and referrals for sanctuary intervention. On-going support via housing options.</li> </ul>
